

ALL CANADIAN RENOVATIONS

a solidly- built Reputation

by MARGARET ANNE FEHR

SINCE ENTERING THE WINNIPEG RENOVATION scene in 2002, All Canadian Renovations (ACR) has established itself as a full-service, turn-key renovator that has distinguished itself over the last 15 years.

ACR has achieved certification as Master Renovator thanks to its 40 years of collective trade experience as well as being awarded the Renomark designation by the Manitoba Home Builders Association. The company has also garnered multiple awards for its innovative design solutions and authenticity in renovating character homes.

Another aspect of ACR's skill portfolio is its Certified Aging in Place Specialist (CAPS) designation. "It is one of the largest sectors of our business," says Curtis Breslaw, ACR

Principal. "More and more people want to remain in their homes for as long as possible. At ACR, we can assist folks to do this by making their homes more accessible."

The company employs 11 full-time staff positions and calls on a reliable corps of sub-contractors for specialty work.

Breslaw cites a client service process that has been refined over the length of the company's history to make the home renovation as easy as possible. "From the initial consultation to project completion, we work with you every step of the way to ensure that you get exactly what you want from the renovation."

The initial consultation is free of charge to prospective

clients and starts with a get-acquainted session to determine the overall goals for the space based on the family's expectations and how they want to incorporate the new space into their lifestyle.

"We have many project ideas to show to spark ideas, and preliminary plans often emerge during the consultation. We also are equipped to inform clients on a projected budget and time frame. After we complete a comprehensive

assessment of the project, we present them with a detailed written estimate," says Breslaw.

"Once clients give the go-ahead, our experienced team will execute their plan carefully and professionally. We always respect their home and treat it as if it were our own. Whether remodeling a single room or adding an entire addition, ACR works hard to keep the project on time and on budget."

Breslaw will be providing more details about the ACR process during a series of presentations he will be delivering on the Lifestyle Stage at the Winnipeg Renovation Show from Jan 12 to 14.

He also will be discussing the importance of hiring a Certified Master Renovator through the Manitoba Home Builders Association as well as providing more information on the CAPS designation.

Those who purchase Winnipeg Renovation Show tickets on-line will receive a \$3 instant discount courtesy of ACR.

"We are very excited to be a part of the Winnipeg Renovation Show for another year," says Breslaw. "We are looking forward to our biggest show ever!"

For more details on All Canadian Renovations, visit acr ltd.ca or phone 204-779-6900.

ACR is excited to be teaming with CTV Television for an amazing contest give-away. "Winnipeg Renovation Show attendees who are eligible will be given a ballot and we will be selecting one lucky winner who will receive a voucher worth \$10,000 towards a bathroom renovation."
